The Daily Freeman.

VOL. 1. CITY OF KINGSTON, (RONDOUT,) N. Y., MONDAY, MAY 6, 1872. NO. 170.

THE DAILY FREEMAN,

PUBLISHED EVERY MORNING,
Sundays excepted,
BY HORATIO POWKS,
at the
Newkirk Building, Division St.,
City of Kingston, (Rondout, N. Y.)

The DAILY FREEMAN will be an Independent Republican Journal, with an opinion on every subject, firm in its advocacy of freedom, equal rights and just laws for all men; outspoken in its opposition to the abuses and the follies of the day, in favor of progress and improvement everywhere, and especially devoted to the interests of the City of Kingston and vicinity.

The Telegraphic News Department will be complete and well supplied, the FREEMAN being a MEMBER OF THE NEW YORK ASSOCIATED PRESS, through which it receives and is enabled to present a full summary of intelligence from all parts of the world every morning.

Local News and especially City, Town and County News will receive special attention, paid correspondents being employed in all parts of the county. All news received from other than our regular correspondents will paid for if used. Full reports of all important meetings will be presented, and in every respect the DAILY FREEMAN will be a First-Class Paper and a worthy companion of the WEEKLY FREEMAN.

Commercial and Stock Reports carefully corrected every day.

THE DAILY FREEMAN will furnish for the breakfast table of its patrons the News from all Parts of the World up to 3 o'clock, A. M.

Terms—Six Dollars per year, payable invariably in advance, if collected weekly, Fifteen Cents per week. Single copies four cents.

Advertisements will be displayed as ordered, and charged according to the space occupied, measured in inches down the column.

THE WEEKLY FREEMAN, a large, well-filled paper, will be sent to subscribers at $2 per annum, ayable in advance. HORATIO POWKS,
Editor and Publisher.

JOB PRINTING in all its branches Promptly, Cheaply and Neatly Done. By the use of STEAM POWER and a large force we are enabled to turn out work at a rate that distances all competition. We have facilities for printing Law Cases unequalled between New York and Albany.
HORATIO POWKS, Proprietor.

What Gas Can be Sold At.

CINCINNATI MAKING IT FOR FIFTY SEVEN CENTS A THOUSAND FEET.

The following significant article, from the Boston Globe, should set our gas consumers a thinking:

We stated in an article published a week or two since in the Globe, upon the subject of the exorbitant price charged for illuminating gas in this city, that our own city government have demonstrated at the public institutions that they can manufacture an article superior to that which the Boston Gaslight Company dole out at $2.75 per thousand feet for $1.25, and that gas was manufactured in Cincinnati by the city, in one of the institutions, at fifty-seven cents per thousand feet.

One of our correspondents, possibly an owner in the Boston Gaslight Company, sent us a note doubting the correctness of our remarks. We at once addressed our regular correspondent in Cincinnati upon the subject, and learn from him that our remarks were strictly correct. Exorbitant charges, where there is a monopoly, is a natural consequence, so in Cincinnati the gas company charge $5.50, and their stock, like that of the Boston company, is nearly one hundred per cent. above par in its estimated value, and none for sale at that price.

Cincinnati Hospital, for the year ending March 1, 1871, paid the gas company of that city $2,000 for gas consumed. In the following July the hospital constructed gas works of her own at a cost of $2,000. She has since then been burning gas of her own manufacture. The result is that by this process she will pay for her gas works and gas in one year with less money than the gas alone cost from the company for the same period!

Every bushel of coal used is weighed, and every other expense for material is taken carefully into account in making this estimate. Fifty-seven cents per 1,000 feet is the cost of the gas to the hospital manufacturing it herself. This is with coal at thirteen cents per bushel of seventy-two pounds. The estimate does not include anything for extra labor, because it involves no expense on that score, as the duty of attending to the retorts has been added to the duties of the fireman who has charge of the heating apparatus.

It includes the cost of the coal for heating the retorts and does not deduct the value of the coke and the residuum. It is found that one pound of Pittsburgh or Kanawha coal will make four cubic feet of gas. No matter what examples we cite, or what experience we consult, the same result is reached continually and the same conviction follows.

If the city of Boston can furnish illuminating gas in her institutions by actual experiment, and under many disadvantages at a cost of from $1 to $1.20 per thousand feet, is there any one so blind or unreasonable enough to believe that it costs the mammoth monopoly of New England any more to do the business by wholesale than it costs other people to do it on a circumscribed scale and at a higher cost for the raw material?

A Dark Intruder.

An amusing incident occurred in Carver Street last evening. A lady went up-stairs to put her little son to bed, and, as she was about to light the gas, the child, hearing a sound of breathing, cried out, "Oh, mamma, there's a dog in the bed!" "Guess not, child; I ain't no dog," in an angry, childish tone came from the bed. Turning toward the couch, the lady saw two eyes, shining like balls of fire in the darkness. Seizing her child, she ran, affrighted and screaming, to the street. Two policemen were summoned. With clubs and dark lanterns in hand they invested the chamber, and when the gas was turned on, there snugly coddled up under the bed-clothes was a four or five year old darkey, as self-possessed as if upon his mother's knee. "Who are you?" said the officer. "Horace Greeley Bennett, sir," said the child. "Where do you live?" "In Anderson Street." "How did you come here?" "Father went out wid de ice-cream, and I tuk a walk." The little fellow had seen the front door open, and entered. Going quietly upstairs and finding an unoccupied bed, he laid his drowsy form upon it for rest. The lady's heart had ceased to throb with fear, and giving Horace Greeley Bennett a doughnut, she consigned him to the custody of the police, who sent him home.—*Boston Post.*

Amusing.

Mr. J. H. M., our Pittsfield correspondent, sends us the following: "A couple of Pittsfield lawyers took the train at Springfield the other day and happened to take a seat near a foreign gentleman and his wife, apparently unused to railroad traveling in this country and very fearful of going wrong and getting out at the wrong place. As the train stopped at the first station Mr. Foreigner interrupted the legal gentleman's conversation with 'what place is this, sir? "West Springfield," said the lawyer. In a few minutes the train stopped again, and again came the question, "what place is this sir." "Westfield," was the reply. Again at Russell, Huntington, Chester, Becket, Washington and Hinsdale, came the anxious inquiry, "what place is this sir," and each time the query was answered, though the last half dozen times in a slightly rising tone of voice. As the train slacked up for Dalton, the foreigner leaned over to the lawyer's seat and the inevitable inquiry was on his lips, when our Pittsfield friend stopped him with, 'See here, my man, where are you going? If you'll let me know I'll try and tell you when to leave the train." "Where am I going!" said the traveler, "Begorra I'm going to Omaha, is it the next station?"

in desirable localities,
FOR SALE ON REASONABLE TERMS.
MARINE RISKS
taken on Hulls and Cargoes.
This Agency has no disputed claims.

THE DAILY FREEMAN.

CITY OF KINGSTON, (RONDOUT.)

MONDAY MORNING, MAY 6, 1872.

How Greeley's Nomination Takes.

The press views Greeley's nomination in a widely different manner.—The *Tribune* itself says nothing about the candidates, but still does not bolt the ticket, while it does heartily approve the platform. If the *Tribune* has any personal objections to Mr. Greeley they will probably disappear during the campaign, after they become better acquainted with each other.

The *Herald* thinks the nominations are highly complimentary to the editorial profession. It speaks a number of kind words of Mr. Greeley, alluding to him personally in a very flattering manner. At the same time it advocates the election of Grant, and thinks the latter will win. In another column it thinks Grant must throw Secretary Fish overboard, if he would wage a winning campaign.

The *World* is highly displeased with the nomination, and bewails the overthrow of Adams. It does not positively state that it will not go Greeley, but it puts itself subject to the decision of the Democratic Convention, which it urges to make a nomination.

The *Times*, the *Standard*, the *Commercial Advertiser*, and the *Evening Post* laugh at the white-coated philosopher being a presidential candidate, while the *Express* heartily backs him up.

With the people there seems to be an equal diversity of opinion. A great many Republicans laugh, a great many Democrats say they will vote Greeley, and a number of Republicans say they will vote Greeley rather than Grant. Of course, men's opinions are as yet in an undecided state, and it will take time for Republicans and Democrats to settle down. It is certainly, at present, the most chaotic condition of politics our country has ever seen.

The Discovery of Dr. Livingstone.

The *Herald* has certainly won a great triumph in discovering and rescuing Dr. Livingstone. Its expedition to Africa was a very costly and extensive one, and fitted out at as much expense as if sent by a monarch. The intelligence that the missionary is safe at Zanzibar with Stanley, the *Herald* leader, will gratify the people of both hemispheres.

Livingstone is certainly an anomaly among explorers, at least if he comes back. Sir John Franklin staid away longer, but it has long since been settled that he will never come back. But Livingstone has been coming back with a frequency and persistence only equaled by his never getting outside of the unknown regions where he has been so long hidden. He has been the cause of more telegrams and letters, and surmises and conjectures, than any other living man, and now that the *Herald* has brought him to the surface again it has deprived the public of a very fruitful subject for speculation. Whether he was sick with fever, or had been married against his will and principles to half a dozen African women, or murdered, were questions to which the civilized portion of mankind turned with eagerness every three months or so.

What an interesting moment that will be in his life when he first comes to the surface again, and when after years of burial he reads the news of events which have happened during his incarceration. Since he left, the American rebellion and the German-French war have been fought, and the aspect of these countries entirely changed. The world will present as novel an appearance to him as a locomotive to a hermit, and it will take almost as long as his entombment to post him up in the ways of the world since he's been gone. It is rather a chill upon our enthusiasm, however, to reflect that there will be no more bulletins from Sir Rhoderick Murchinson in regard to his feelings and sentiments on Livingstone's situation. The public will miss them, and can hardly get along unless the Prince of Wales gets sick again.

The Apportionment.

The apportionment bill, as first reported to the legislature, provoked unmeasured opposition from all parts of the state, and it was the general opinion of the press that a worse arrangement of the congressional districts could hardly be made. Especially in this, the 14th district, was there radical injustice done, the addition of Schoharie County not only making the district as inconvenient as possible, but also putting it in point of population greatly in excess of the requisite number.

On Friday, when the bill came up for its third reading in the Assembly, Dr. Loughran moved that it be recommitted, with instructions to the Committee to take Schoharie from the District and re-attach it to the Albany district. A lively debate sprang up, in which the Albany and Greene County members strongly contended for the annexation of Schoharie to Greene and Ulster. Dr. Loughran, however, carried his point, and we are indebted to him for this much towards the defeat of the outrageous scheme.

It now appears as if the bill would fail altogether. The Senate refused to concur with the Assembly amendment, and a conference committee was appointed, with the chances of non-agreement, which involves the failure of the bill. It would certainly be much better not to have any new arrangement than to have such a district fastened upon us.

R. & O. R. R.

On Saturday the Directors of the R. & O. R. R. assented to the assignment of Greene & Satterlee's interest in the contract, to Wm. B. Litchfield, a son of the elder Litchfield, who owns the remaining two-thirds.

We were misinformed as to the resignations of Messrs. Lounsbery, Winne and Longyear. They were not presented. Rev. Dr. Hoes, the new Director, has been elected Treasurer.

We understand the Litchfields will become residents of our city, having rented a fine mansion up town.

Another meeting of the Directors will be held to-night, at which it is understood a new contract will be presented. It has been under consideration, we hear, for some days, and will probably be adopted. We are not apprised of its exact provisions or terms, but it is understood to provide for the completion of the road to Oneonta, and beyond to some point, supposed by outsiders to be Earlville, where the road ends in which the Litchfields have a controlling interest.

Associated Press Dispatches.

BY TELEGRAPH TO DAILY FREEMAN.

FRANCE.

PARIS, May 5.

The following is the latest news which has been received here of Don Carlos' movements and of the state of affairs in Spain. Don Carlos arrived at Vera in Navarre, forty miles north of Pampeluna, on Thursday last. He immediately issued two proclamations, one of which begins; "Spaniards, soldiers! the watchword is God and the country. The king appeals to your honor on God's altar to annihilate the foreigners. He promises peace, abundance and liberty."

On the second inst. bands of Carlists existed in the provinces of Navarre, Guipuzcoa, Biscay, Alava, Trael, Castellon, Barcelona, Tarragona Loyda, Valencia, Segovia, Avila, Burgos, Arragon, Leon Valladolid and Oviedo. The Spanish government has fears of a the resignation of the republicans in the Cortes. Thirty deputies only attended the sitting of the Cortes on the 2d inst.

PARIS, May 5.

The report of the commission on capitulations exonerates the general commanding in the lower Rhine department of all blame for the surrender of Lichtenberg and reprimands the commanders who capitulated at Marsal and Vitry Fancais. Gen. Cissey, the Minister of War, announces that vigorous justice shall be meted out to all generals who surrendered during the war. There is no doubt that court martials will be ordered in the cases of Generals Wimpffen and Uirich. M. Edouard Allan, the well-known advocate, declares he will not defend Marshal Bazaine.

PARIS, May 5.

The *Journal des Debates* denies the truth of the report published by the *Memorial Diplomatique* that the Czar had accepted the resignation of Gortchakoff and appointed his successor. The *Journal* denies that Gortchakoff has even tendered his resignation.

PARIS, May 4.

A remarkable speech was delivered in the National Assembly to-day by Deputy Audiffret Pasquier upon the conduct of army contractors whom he stigmatized as shameless and dishonest, and said the government should see to it that the frauds of the past which led to such disastrous results should not be tolerated in the future. In the army only could be found the best school for the young generation, and all must serve in it alike, and it should not be subject to the demoralization consequent upon the bad service of contractors. The speech created a genuine enthusiasm in the Chamber which was unprecedented, and the Assembly passed a resolution ordering it to be printed and copies circulated throughout all the communes of France.

GREAT BRITAIN.

LONDON, May 5.

A memorial was presented to Earl Granville yesterday, urging her majesty's government to secure a just and equitable copyright treaty with the United States. Among the signers of the memorial are Carlyle, Froude, Stuart Mill, Huxley, Morley and Ruskin.—Lord Granville replies that the government would carefully consider the subject.

A serious riot took place in a large market town of South Russia last week, caused by the interference of the police with the Easter amusement of the people. The fire engines were brought out to disperse the crowds by throwing water on them. This so exasperated the populace that they attacked the police and fire stations, and gutted them. The government ordered out the troops, who were stoned by the mob, whereupon they fired, and many citizens were killed and wounded. The rioters then dispersed and at last accounts the city was quiet but under martial law.

SPAIN.

MADRID, May 5.

A dispatch from San Sebastian dated this afternoon says the division under Morionas today completely defeated the Carlists concentrated in Navarre after a conflict of nine hours. The troops carried the village of Carasa at the point of the bayonet. The whole Carlist centre is captured. It is said that Don Carlos is a prisoner.

MADRID, May 4—Evening.

Latest information from the province of Navarre is that hostilities have commenced between the insurrectionists commanded by Don Carlos and troops led by Marshal Leugus. General Rivera is harrassing the rear of the insurgent forces, who it is said are surrounded by loyal troops. A band of Carlists under command of Rutendo has been completely defeated.

MADRID, May 5—9 P. M.

Don Carlos with only 200 adherents has passed through Unsea, flying into France.—The battle in which he received his complete defeat was fought at Oronquieta yesterday.—Of the Carlist forces engaged 38 were killed and 747 taken prisoners. The insurrection is at an end.

DENMARK.

COPENHAGEN, May 5.

The president and treasurer of the International Society in this city have been arrested.

NEW ORLEANS PAPERS ON THE NOMINATIONS.

NEW ORLEANS, May 4.

The morning papers of this city comment as follows on the Cincinnati nominations:—The *Times* has a column of editorial eulogistic of the character and attainments of Greeley, which closes by expressing the belief that he will defeat Grant.

The *Republican* thinks the choice is a good one, and that it will undoubtedly command the confidence and support of a large majority of the American people.

The *Bee* thinks that the nomination of Greeley is a bad one, and has no idea that the Democratic party will endorse it. On the contrary, it thinks it insures a straight-out nomination by the Democratic Convention.

The *Picayune* believes that the nomination of Adams would have been preferable; but says that many accept Horace Greeley on the ground that he is at least honest in it. It does not think the nomination of a Democratic ticket within the range of possibility.

The *National Republic* says:—The deed is done, and the Schurzites and the Trumbullites are undone. It does not think that Horace Greeley can command the support of the Democratic party.

LARGE FIRES.

DETROIT, May 4.

H. J. Perrin's mills at Marshall, Mich., were burned to-day. Loss over $100,000; insured for something over $30,000. Adams & Co.'s machine shop was also burned. Loss $50,000; insurance $13,000.

MARSHALLTOWN, IOWA, May 4.

The most destructive fire that ever occurred in central Iowa took place about noon today. It commenced in Stanley's elevator and quickly communicated to adjoining buildings. Fanned by the high wind it for a for a long time threatened the whole town. The entire south-east part of the city is in ruins. The loss is estimated at about $300,000. The elevator, with a vast amount of grain, a woolen mill, two hotels, four lumber yards, the North Western depot, tanks and pump building, five stores and shops and three dwelling houses were destroyed. The Cedar Rapids, Grinnel and Des Moines fire engines were telegraphed for and promptly came in all. Citizens are in a state of intense excitement and full particulars cannot be ascertained.

CLEVELAND, May 5.

About 5 o'clock last evening a fire broke out in one of the agitators of the Standard Oil Co.'s works, situated a mile and a half south-east of this city. In a few minutes three stills were on fire and their contents escaping ran down the hill into the river, which was soon covered with burning oil. The fire department could do little or nothing towards extinguishing the flames, but directed their efforts towards saving such portions of the works as were near the burning oil. About 4000 barrels of distilled and refined oil were burned and the refinery damaged to the amount of $10,000. The total loss is about $25,000.

About an hour later the oil shipping house and platform near the Atlantic and Great Western depot caught fire and were totally destroyed, together with the contents, consisting of between 150 and 200 barrels of refined oil. Loss about $10,000. It was with the greatest difficulty that the bonding ware house near the burning sheds, containing 200 bbls. of refined oil, were saved.

DAN VORHEES ON THE SITUATION.

TERRE HAUTE, May 4.

The following telegram has been received here:

WASHINGTON, May 4.

To the Editor of the Terre Haute Journal:—The Democracy will meet as usual in national convention and through its authorized delegates nominate its candidates and declare its policy. Until then no man has the right to commit the party as to its future action. Its organization and principles should be maintained at all hazards.

D. W. VOORHEES.

The liberal movement has no perceptible strength here. Both parties repudiate it with almost entire unanimity.

METROPOLITAN NEWS.

NEW YORK, May 5.

Gen. Hooker, president of the Society of the Army of the Potomac, Gen. A. E. Burnside, commander-in-chief of the Grand Army of the Republic and staff, Gen. H. A. Barnum, commander of the department of New York G. A. R. and staff, Gen. A. S. Williams of Detroit, and other prominent members of the organization leave to-morrow forenoon for Cleveland to attend the annual meeting of these societies. The Society of the Army of the Potomac meets on Tuesday and the national encampment of the Grand Army of the Republic meets on Wednesday. The Erie Railroad Company have placed a magnificent special car at the disposal of the distinguished party for the return trip.

August Belmont was interviewed yesterday and said of the platform and nominees of the Cincinnati convention: "This is now but a bombshell. We must wait until we see its effects on the dress, the people, and in fact on many things it must develope. I go further; it may be policy to adopt the ticket. Mr. Greeley in my opinion will run well in the southern states, but as I said before, it is too soon to judge yet. I will do most anything to break this administration; not that I have anything against Mr. Grant, but I do not like his idea of government. The Philadelphia convention must meet yet, and then the Democratic party will have to act wisely. It is my opinion that the liberal ticket will be withdrawn in September if the Democrats make a good nomination. In the meantime I judge it better for the party to say or do nothing that is bitter. What we might say now would probably be perverted or turned against us when the nominations are made."

The Brooklyn *Eagle*, Dem., warmly endorses the Cincinnati nomination.

Sculptor Tantarline of Milan has accepted a commission for making a statute of Mazzini for New York, and contributes a thousand francs to the fund.

Orpheus M. Barnard was arrested for swindling the Franklin Savings Bank out of $3,400 by forged checks.

Frank Smith, a keeper of a saloon in the Bowery, was fatally stabbed last night by a printer named J. M. Mortimer.

The Cunard steamship Batavia for Liverpool, while proceeding down the bay this afternoon, at 4 o'clock, came in collision with the steamship Atlantic off the west bank and had a hole stove in her starboard bow and returned to Staten Island, anchored and sent to the city for boiler makers. She will proceed on her voyage as soon as she is repaired.—The Atlantic went to sea apparently uninjured.

A band of counterfeiters were arrested on the border of Virginia and North Carolina and committed to jail at Lynchburg. Press and dies for counterfeiting gold and silver coin were seized.

THE NATIONAL CAPITAL.

WASHINGTON, May 5.

There is no change in the position of the Alabama question since the recent semi-official publication, in which it was said the claims for indirect damages have not been and would not be withdrawn. This government has not in its statement and counter statement asked the tribunal of arbitrators to draw any distinction between the two classes for direct or indirect damages, but both have been submitted together, in the hope that the tribunal will exercise the power conferred upon it to award a sum in gross to be paid by Great Britain to the United States. The suggestion that we would not ask the tribunal for any monied consideration for indirect damages provided Great Britain would not claim compensation for similar injuries under like circumstances was discussed by prominent gentlemen of both countries before the intimation was made to Great Britain that he would accept it as an easy and satisfactory solution of the present difficulty; but it appears from conversations in prominent circles that Great Britain does not deem it necessary to officially make the declaration or to enter into such a stipulation for the reason that she never admitted the principle of claims for indirect damages as between nations and adhered to her position on the question heretofore expressed.

Senator Ferry, of Mich., has made a report from the Committee on Post Offices and Post Roads in favor of the continuance of service by the Atlantic Mail Steamship Co. between the United States and Cuba.

The State Legislature.

SENATE.

ALBANY, May 4.

Mr. TIEMANN offered a joint resolution that the Legislature adjourn *sine die* on Saturday, May 11, at noon. Tabled.

Mr. PALMER reported favorably a bill to authorize Newburgh to borrow money.

Mr. LEWIS moved to strike out the paragraph authorizing the Governor to employ counsel, on the certificate of the presiding Judge, to appear in certain criminal cases, and to assess the expenses on the counties in which the crimes are committed.

Mr. D. P. WOOD explained that the provision was a new one, introduced to guard the interest of the State against the large claims now frequently made for State aid in such cases. It was a growing evil and promoted largely by the imbolence, negligence or incapacity of the Attorney General to attend to his duties without employing a substitute to appear for him, and the willingness of counsel to appear in such cases, "for a reasonable consideration."

Mr. J. WOOD favored the motion to strike out, and of giving this authority to the District Attorneys of the several counties. There was often need for assistance, but as the character of the Attorney Generals had greatly deteriorated of late years, the work could most safely be entrusted to the District Attorneys, and especially as they were in many cases men of more ability than the Attorney General.

Mr. LEWIS objected to the provision because under it the Attorney General and the presiding Judge—say of New York city—could send counsel to Erie county without the request or the desire of the District Attorney of that county, and the expense be assessed on Erie county, in spite of the fact that there was no need of his services. At his suggestion the section was laid aside to allow time for him to prepare an amendment.

ASSEMBLY.

THE APPORTIONMENT BILL.

The Senate returned the bill apportioning the Congressional districts of the State, with a message, that they had appointed a Committee of Conference on the same, and asking for a like committee on the part of the House.

Mr. HUSTED moved that a Conference Committee be appointed on the part of the House. Agreed to, and the SPEAKER appointed as such committee Messrs. Husted, Fort, Springsted, Loughran and A. Hill.

Among bills passed was the bill authorizing the Rondout & Oswego R. R. to extend its road and change its corporate name.

To establish compensation of County Judges and Surrogates.

Adjourned to Monday evening at 7:30.

Commercial Reports.

NEW YORK MARKET.

PRINTING of all kinds at the FREEMAN Office.

THE DAILY FREEMAN.

CITY OF KINGSTON. (RONDOUT.)

MONDAY MORNING, MAY 6, 1872.

LOCAL INTELLIGENCE.

Flag Display.

On Saturday morning James L. Van Deusen had his flag out, in response to the Cincinnati nomination.

Coal Arrival.

Seventy-three canal boats laden with nine thousand and ninety-nine tons of coal, reached tide water on Saturday.

Appointed.

On Saturday, May 4th, Patrick J. Ryan was appointed by His Honor the Mayor, a special policeman in and for the city of Kingson.

Thanks.

THE FREEMAN office is again under obligations to Purser Wm. Hathaway, Jr. of the steamship San Salvadore, for late Savannah papers.

Bad Road.

The road from this city to Rosendale is surely the worst in the county; caused no doubt by the many people who drive to that paradise in order to view the railroad bridge.

Sailed.

Major Sykes and wife and Mr. Robert H. Atwater and family sailed in the steamship Spain on Saturday for Europe. They intend spending a year abroad—dividing the time between England and the Continent.

Large Funeral.

On Sunday a very large procession of carriages filled our streets, the occasion being the death of Patrick Mahar. He was a member of St. Mary's Mutual Benevolent Society, whose large numbers show how extensive a hold this Society has already obtained.

Alarm of Fire.

On Saturday night, about 8 1-2 o'clock, an alarm of fire was sounded in the Eastern District. It was occasioned by an accident to a lamp in O'Pray's City Hotel. Lackawanna was on the ground early with steam up, and Cornell and Weber Hose Companies also made good time. No damage of any account was done.

Removal.

Mr. W. L. Barnes, the painter, will soon remove to Ellenville, where he will pursue his vocation. Mr. Barnes painted the steamer Mary Powell this spring, and it is the universal testimony that that fine steamer was never painted in finer style. Captain Anderson, who is somewhat of a critic in the matter of steamboat painting, declares that Mr. Barnes is the man who hereafter shall do that very essential work on the favorite steamer of the Hudson. We wish Mr. Barnes success in his new location.

That Dolly Varden.

In Merdit, Brodhead & Co's show window on Garden street is the figure of a lady gotten up in the latest style, including a "Dolly Varden" toilet in all its gorgeousness. It is Andrew's handiwork, and has been gazed upon by hundreds of curious people, many of whom thus obtained their first idea of what a "Dolly Varden" was. Among the crowd of lookers-on the other day was a representative from the rural districts, who, gazing for a while in silent astonishment, burst out, "Golly, if they don't make dresses out of old-fashioned curtain calico! Well, I swow!"

On Saturday evening a couple of ladies were passing the window, when one of them, turning to her companion, said, "Oh, just look at—— (a well-known *belle* of the lower district) in the window."

Meeting of the Board of Health.

FRIDAY, May 3d, 1872, 7 P. M.

Present, His Honor the Mayor, Aldermen Canfield and Fredenbergh.

On motion, it was resolved that the City Council, with the assistance of the Mayor, be ordered to prepare rules and ordinances for the Board of Health, and report the same at the next meeting of the Board.

On motion it was resolved that Alderman Canfield be empowered to attend to the cases of small-pox in the eastern district, with full powers to act in the premises.

On motion it was resolved that the Board adjourn until one hour before the next meeting of the Common Council.

P. FREEMAN HASBROUCK,
City Clerk and Clerk of Board of Health.

Hudson Hotels.

A resident of this city tells a good joke about the hotels in Hudson. He took a trip to that delectable country a few days ago. It was the first time he had ever visited that part. During his stay there accommodations were found at the first hotel of the place, where he slept the sound sleep of the just. In the morning he got up about 9 o'clock, and being ready to go home went to pay his bill. He hunted high and low, but actually could find no one in the house to whom to pay it, and finally as a last resort went to the stable to the hostler, who thought a day's board ought to be worth about a dollar. Our friend paid that amount, and came home much relieved that he had managed at least to pay something.

Didn't Come Off.

That five hundred dollar billiard match was not a distinguished success. Signor Graffan failed to deposit the amount of greenbacks about which he conversed so glibly, and then the hall was not what even a person gifted with a vivid imagination would, in the wildest flights of his fancy, call crowded. In fact beside the frauds who got up the match (?) the audience could have been put in a paper collar box, and had plenty of room to kick about without knocking off the lid. Two of the beats sought to make a ripple by playing a game of fifty points, but it was sorry fun, so the gas was turned out and the hall deserted. On Saturday the gullions "silently stole away" to find "fresh fields and pastures new," well convinced people hereabouts are too intimately acquainted with them.

Not True.

The report in circulation a few days ago, that F. S. McKinstry had resigned the Presidency of the Wallkill Valley R. R., and that Thomas Cornell had been chosen in his place, is not true. Mr. McKinstry offered his resignation at the meeting of the Directors last week, but they refused to accept it.—*New Paltz Independent.*

Proceedings of the Common Council.

FRIDAY, May 3d, 1872—7.30 P. M.

The Common Council met in pursuance to adjournment at Fireman's Hall, His Honor the Mayor in the chair. Present, Aldermen Tubby, Canfield, Fredenbergh, Westbrook, Sahler, Koonz, Derrenbacher, Bug. Tremper, Gurnee, Corits, Lirkin, Plough and Pettit.

Minutes of last two meetings read and approved.

Committee on Rules and Regulations were unable to report owing to the absence of some of its members.

Alderman Fredenbergh moved that the Aldermen from each ward name two persons to be appointed Fire Wardens from their wards. Carried.

Alderman Tremper inquired of the Mayor, and was informed as to the duties of Fire Wardens.

Fire Wardens appointed: 1st Ward, Chas. J. Masten, Moses T. Newkirk. 2d Ward, Oscar Elliott, Chas. Fisk. 3d Ward, James Ruddie, L. B. Strong. 4th Ward, Geo. M. Emmett, Fred. W. Gross. 5th Ward, John Kirsch, Wm. Douglas. 6th Ward, Leonard Deitus, D. B. Stow. 7th Ward, S. P. H. Liscomb, Jacob Walkers. 8th Ward, John E. Daffon, Frank Totter. 9th Ward, Elijah Ellsworth, Henry W. Otis.

On motion of Alderman Tubby it was resolved that the Common Council appoint three Commissioners of Excise outside their own body.

On motion it was resolved that they be appointed by ballot.

On motion of Alderman Fredenbergh it was resolved that Commissioners of Excise be balloted for by departments.

After an informal ballot, a motion was made by Alderman Tremper that no person engaged in the liquor traffic should be appointed Excise Commissioner; seconded by Alderman Fredenbergh. After some discussion the motion was lost.

On motion of Alderman Sahler, the Board took a recess of five minutes.

During the recess much argumentative force was expended in endeavoring to convince those opposed to the motion of Alderman Tremper that they were in the wrong, with what success the appointments will prove.

At the termination of the recess the Board was called to order by His Honor the Mayor, when a formal ballot for Excise Commissioner for the 1st department was taken, resulting in the election of John S. Allen.

On motion of Alderman Westbrook an informal ballot was taken for Excise Commissioner for 2d department, after which the Board proceeded to a formal ballot, which resulted in a tie vote for Edward O'Reilley and Wm. Hutton. Alderman Tremper then made a motion, which was seconded by Alderman Sahler, that no liquor dealer or prohibitionist should be appointed Excise Commissioner. The motion which had been previously made, with the exception of the word prohibitionist, was objected to by some members of the Board, but was pressed by the maker and seconder, when the ayes and nays were called. Motion lost.

On motion of Alderman Canfield the Board proceeded to a formal ballot, which resulted in the election of William Hatton as Excise Commissioner of the 2d department.

On motion of Alderman Fredenbergh Hiram Davis was named as Excise Commissioner of the 3d department.

On motion of Alderman Tremper a formal ballot was taken, which resulted in Hiram Davis being unanimously appointed Excise Commissioner of the 3d department.

On motion of Alderman Sahler it was resolved that the bonds of the City Treasurer be $200,000, with two sureties, or as many more as the city charter requires.

On motion it was resolved that the City Clerk's office be located in Fireman's Hall.

Alderman Westbrook made a motion, which was seconded by Alderman Tubby, that a Committee of three be appointed to take some action whereby the Board may show their regret at the death and respect for the memory of the late HON. JACOB HARDENBERGH.

The Mayor appointed as such Committee Alderman Westbrook, Tremper, and Tubby.

The ordinance relative to the powers of arrest granted by the charter to policemen was then made the subject of a motion, which was carried. Night watchmen appointed by the Mayor are also granted the power of arrest.

A motion was made by Alderman Tremper, and seconded by Alderman Bag, that five Policemen be appointed at a salary of $100 per annum, each.

Alderman Fredenbergh offered an amendment that five Policemen be appointed, at a salary of $600 each. Amendment accepted by Alderman Tremper.

On motion the subject of appointing Policemen was then laid on the table until the next meeting of the Board.

On motion of Alderman Fredenbergh, seconded by Alderman Tremper, it was ordered that the schedule of prices for licenses for shows, until further action, be those of the former village of Kingston, and the Mayor was instructed to appoint some person in each Department of the city to receive such licenses.

Alderman Tubby, on behalf of Committee on Fire Department, asked an extension of time for that Committee to report.

On motion of Alderman Sahler the time was extended.

On motion of Alderman Fredenbergh, the time of the Election for Engineers of the Fire Departments were extended from the hours of 4 p. m. to 8 p. m., on May 14th.

The Preamble and Resolutions of the Board on the death of HON. JACOB HARDENBERGH were then read by Alderman Westbrook, and were adopted by the Board unanimously, and ordered printed in the city papers.

Whereas, The HON. JACOB HARDENBERGH, the State Senator from this district, departed this life at Albany on the 29th day of April, 1872, and his remains were yesterday, with impressive ceremonies and public honors, committed to their final resting place in Wiltwyck Cemetery in this the city of his late residence; and whereas, it is eminently appropriate and due to his memory that the municipal authorities of the community in which he long resided and of which he was a member at the time of his death, should add their tribute to those which the executive, legislative and judicial departments of the state government have cast upon his grave; therefor

Resolved, By the Common Council of the City of Kingston, that by the death of the HON. JACOB HARDENBERGH this community has lost one of its most honored citizens and its most distinguished representative.

Resolved, That Senator HARDENBERGH, by his clear intelligence, his native mental vigor, his energy and force of character, his directness and honesty of purpose, and his fidelity and warmth of heart, commanded an unusual measure of respect and esteem, made himself widely influential and useful in public life and won the deep and enduring attachment of the hosts of friends who now deplore their irreparable loss.

Resolved, That his qualities of mind and heart have left their permanent impress upon those who survive him, that the cemetery within which his ashes repose contains no more honored dust, and that the flowers to spring upon his grave will bloom and wither, and their verdure to cover it will freshen and fade, through many changing seasons, before his memory will grow dim in the hearts of those who knew and loved him.

Resolved, That these resolutions be published in the city newspapers and be entered in the minutes of this body as a permanent record of its esteem for the lamented dead.

On motion of Alderman Tremper, a Committee of two from the Board was appointed, who shall in connection with the Corporation Counsel report to the Common Council, resolutions defining the duties of all officers appointed by the Common Council whose duties are not defined by the Common Council; also to report such city ordinances as shall be deemed necessary, and a schedule of licenses for all such business as shall be thought proper to be licensed by the City.

On motion of Alderman Canfield the Board adjourned to meet on Friday next, at 7:30 p. m., in Lackawanna Engine House, in Mill street.

A New Enterprise.

Some of our village people are discussing the plan of putting a small steamboat in the Wallkill to run from this place to Perrine's Bridge. The distance by the stream is seven or eight miles, and a boat drawing not more than 4 feet could run at the lowest stages of the water. A steamboat would form a great addition to the attractions of this place for summer boarders from the city.—*New Paltz Independent.*

OUR FREE PARLIAMENT.

The Mendelsson Bridge.

ACCORD, May 2d, 1872.

MESSRS EDITORS:—In your columns of Thursday's paper of last week I saw an article entitled, "The Mendelsson Bridge," the writer of which either knew very little about the matter or else willfully and maliciously misrepresented it. Mr. Mendelsson proposed to construct a bridge across the Rondout creek at this place, and was promised aid by some of the residents of this part of the town (some parties I am told, agreeing to give five hundred dollars). With this understanding Mr. M—— proceeded to construct the bridge. But *few* of those who so readily promised assistance came to time (the five hundred dollar men were "*non est*"), and Mr. M—— was forced to use his *own* resources to complete the bridge and construct a road to the same.—That there was before no access to his property except per towpath from Port Jackson is untrue, as there has been a good "Berme Road" for over half a century, further more there has been a good bridge over the lock for some six or seven years. That it was built to control the stone trade is false, for the project was talked of some time before flagging-stone were marketed to any extent in this vicinity; but the parties engaged in the stone traffic, as well as *very many other* citizens, find this bridge a great convenience and benefit, and use it accordingly. It is becoming of more benefit to the town daily, as Mr. M—— has just opened a road district to Stonykill, which bids fair to be the great thoroughfare between the North and South-West portions of the town. That the bridge is of no benefit except in case of a freshet is also untrue, and even the great "Oracle of Mombaccus" and the portly "Nabob of Stonykil," have frequently availed themselves of its convenience. In consideration of the above facts, Mr. Mendelsson may ask the town to assist him in defraying the cost of this structure, but he is *not* one of those who propose to levy a tax of one hundred thousand dollars upon his fellow-townsmen to build a railroad through this town and half-way through another.

VERITAS.

LOCAL NOTICES.

JACOB'S VALLEY LAUNDRY.—The subscriber having taken the *laundry*, in connection with C. G. Proper and G. C. Abbey, they are prepared to do all kinds of family washing at last year's prices; also for steamboats and Hotels by the month; also carpets, beddings, horse blankets, fine undershirts, lace curtains, &c. Strangers' and travelers' washing will be done and returned within twenty-four hours. Orders through the Kingston and Rondout Post Offices, left on the slate at A. A. Crosby & Co.'s hardware store, will be attended to. Plain family washing will be done for 30 cents per dozen without ironing. d1m*

THE IMPROVED

WHEELER & WILSON

Again Improved.

PERFECTION is our motto, and with this end in view, we have so improved the

FEEDING DEVICE

as vastly to improve its efficacy, while at the same time much less skill and care are required in its management. Neither the thread nor the cloth require holding, and both the thickest and thinnest goods are sewed perfectly. Seams are crossed with greater ease, and the work pulled with scarce an effort. The

Distinctive Feature

of this Machine is the

ROTARY HOOK

to carry the loop of the upper thread around the spool cout during the under MAKING THE LOCK STITCH ALIKE ON BOTH SIDES OF FABRIC thereby doing away with the vibratory motion of the shuttle, the tension upon the under thread, and all devices for taking up slack thread, necessary on all other two-thread machines. The public have endorsed these principles by purchasing 50,000 of our Machines.

SOLD BY INSTALLMENTS,

WITHOUT EXTRA CHARGE.

MORTGAGE SALE.

WHEREAS, default has been made in the payment of the moneys secured by a mortgage dated the 23d day of September, 1871, executed by ANTHONY CAHOON, of the town of Kingston, county of Ulster and state of New York, to Edgar B. Newkirk of the same place, and which mortgage was recorded in the Clerk's office of said county of Ulster, in Book No. 108 of mortgages, on page 125, on the 24th day of October, 1871, at 1 hour, P. M.; said mortgage was given to secure the payment of the purchase money of the sum of ($200) two hundred dollars; and whereas, the amount claimed to be due upon said mortgage at the time of the first publication of this notice, is the sum of ($208.20) two hundred and eight dollars and twenty-two cents to wit, $200 principal and $8.20 interest, and which is the whole amount claimed to be unpaid on said mortgage, that there has been no suit or proceedings in law or equity to collect the amount of said unpaid balance on said mortgage, &c.

Now, therefore notice is hereby given, that by virtue of the power of sale contained in said mortgage, and duly recorded as aforesaid, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by sale of the premises therein described, at Public Auction, at the front door of the Court House, in the City of Kingston, in the county of Ulster, on the TWENTY-SIXTH DAY OF JUNE, 1872, at ten o'clock in the forenoon of that day. The said premises are described in said mortgage as follows: All that certain lot of lots of land situated on the southerly side of Apple street as per map of lands of E. B. Newkirk at Mapleton, and is bounded as follows: Northerly by said Apple street, easterly by lot conveyed to J. M. Carson, southerly by land of said newkirk, and westerly by Rock street; said lot being sixty (60) feet front on said Apple street, and run back same width one hundred (100) feet on Rock street. Also all that other lot situated at Stapleton adjoining the above lot and is bounded as follows: Northerly by the above lot and lot of J. M. Carson, easterly by land of said E. B. Newkirk, southerly by same, and westerly by said Rock street; said lot being forty (40) feet front on said Rock street, and runs back same width one hundred (100) feet.

Dated Rondout, April 1st, 1872.

MORTGAGE SALE.

WHEREAS, default has been made in the payment of the moneys secured by a mortgage dated the first day of January, 1871, executed by ANTHONY L. SCHOONMAKER, of the town of Kingston, County of Ulster, and State of New York, to EDGAR B. NEWKIRK, of Rondout, town of Kingston, county and state aforesaid, and which mortgage was recorded in the Clerk's office of said county of Ulster, in Book No. 108 of Mortgages, on page 162, on the 17th day of October, 1871, at 12 hours and 30 minutes, P. M.; Said mortgage was given to secure the payment of the purchase money of the sum of ($290) two hundred and nine york dollars; and whereas the amount claimed to be due upon said mortgage, at the time of the first publication of this notice, is the sum of ($321.90) three hundred and twenty-one dollars and ninety-three cents, to wit, $290.00 of principal and $21.93 of interest, and which is the whole amount claimed to be unpaid on said mortgage. That there has been no suit or proceedings in law or equity to collect the amount of said unpaid balance on said mortgage.

Now, therefore, notice is hereby given, that by virtue of the power of sale contained in said mortgage, and duly recorded as aforesaid, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by sale of the premises therein described, at Public Auction, at the front door of the Court House, in the City of Kingston, in the county of Ulster, on the TWENTY-SIXTH DAY OF JUNE, 1872, at ten o'clock in the forenoon of that day. The said premises are described in said mortgage as follows: All that certain lot of land situated in Kingston, New York, being part of the property known as Mapleton, as per map of E. B. Newkirk, and is bounded as follows: Northerly by lot of said Newkirk easterly by Hurley Avenue, southerly by the Courant lot, and westerly by land of said Newkirk; said lot being forty-eight (48) feet in width, and one hundred (100) feet deep.

PHOTOGRAPHIC CARD.

As making pictures of young children has become a very important branch of the business, a few hints on the subject will not be amiss as a guide to those interested.

Mothers who wish to have babies appear in white should dress them in light blue, pink or Solferino nicely trimmed or embroidered. All blue, or colors mixed with blue, are photographically speaking, white, accordingly as the blue more or less predominates.

As children are often troublesome and restless and hard to get a picture of, and as I do not wish to let poor work leave my Gallery, or be bothered with impossibilities over which I have no control, I kindly request mothers to bear in mind that babies should be brought to the Gallery between ten and two o'clock, the nearer ten the better. The reasons for this are obvious to wit:

FIRST:—THE CHILD IS NOT SO RESTLESS, THE MOTHER IS IN BETTER HUMOR IN THE FORENOON, THE ARTIST IS PRETTY LIKELY TO HAVE HAD HIS BREAKFAST, (WE SELDOM EVER GET DINNER) AND IS NOT SO IMPATIENT, HENCE BABY IS MORE LIKELY TO GET A GOOD PICTURE.

SECOND:—A PHOTOGRAPHER WISHES TO MAKE MONEY, OR AT LEAST A LIVING, AS WELL AS OTHER PEOPLE, AND DON'T LIKE TO BOTHER WITH BABIES IF THE GALLERY IS FULL OF LADIES AND GENTLEMEN, WHO ARE WAITING FOR SITTINGS, AND SEE NO END TO THE BABY-RATTLE AND CRY.

THIRD:—THE LIGHT IS NOT SO POWERFUL IN THE AFTERNOON AS IN THE MORNING.—THE ACTINIC POWER OF THE SUN'S RAYS ARE STRONGER AND MORE ACTIVE FROM SUNRISE TO NOON, THAN FROM NOON TO SUNDOWN. IT WOULD BE WELL FOR ADULTS TO BEAR THIS IN MIND WHO WANT SITTINGS FOR THEMSELVES.

WE CALL SPECIAL ATTENTION TO OUR

JOHN G. WOLVEN,

OF THE

CITY LIVERY, SALE AND EXCHANGE STABLES,

To supply the great demand of his customers, has purchased of Brewster & Co., of Broome street, New York, a very fine LANDAU CARRIAGE of elegant design, IMPORTED FROM BERLIN, Prussia, at the cost of $3,000. It can be easily changed in three different ways to suit customers—closed, half top or Open. He has also new buggies, two-seated park phaetons, first class horses, four in-hand-turn-outs, and careful drivers, to be let on reasonable terms.

Having purchased nearly an entire new stock, he will sell his entire former stock, consisting of carriages, buggies, harness, three seated wagons, half-tops, rockaways &c., many of which are nearly new, at a great sacrifice. Summer boarding-house keepers and others who desire to procure good carriages and wagons at low prices, will do well to give him a call. No better bargains can be offered in the City of Kingston.

The Greatest Excitement SINCE THE FLOOD!

A. M. Low's PROCLAMATION FOR 1872,

READ IT!

A. M. LOW, the popular Boot and Shoe Dealer of No. 19 Wall street, City of Kingston, desires the people to know that he has stocked his store for the spring and summer of 1872 with all the very latest styles of Boots and Shoes, which he is now offering at a figure that is an inducement for all in want of foot gear to extend to him their patronage. In the line of Men's Wear he introduces for the season a superior article of hand-made shoes, manufactured by Messrs. HANAN & REDDISH, of New York City. They are decidedly the "nobbiest" style ever placed in the market, made from the very best material and of the very best finish, and for which he is the sole agent in the City of Kingston. Besides these he has all other kinds in market of all the various shapes, styles, quality and prices.

Low has also a exclusive sale in this city of Women's and Misses' shoes manufactured by Reynolds Brothers of Utica, and Munsen & Co. of Albany, articles celebrated for their beauty, finish, durability and peculiarity of preserving their shape. He is selling heaps of them daily, which is the best advertisement they can have, for everybody who buys them recommends them to their neighbors. As usual his stock is full in all the other grades of this line and will be kept so during the season.

Boys, Youths, Misses, Children, and infants all go to Low's to get their feet clothed, for there they can find a stock to select from that beats anything outside of New York City. Had he space he would like to enumerate further—but it would fill this paper, and therefore he is obliged to stop with the simple announcement that he has the LARGEST STORE AND STOCK IN THE CITY—that he purchases at Wholesale and sells at retail, and that he is determined to keep the lead in his line of business, and not seeking a monopoly, invites competition from all sources, confident that he shall at least make his store worthy of patronage and one of the leading features of the new City of Kingston.

Respectfully, A. M. LOW,
No. 19 Wall Street, Kingston.

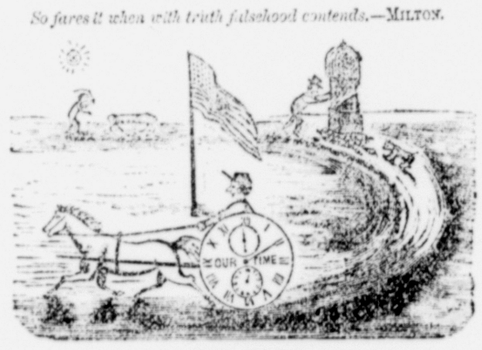
YE HAVE A WATCH; GO YOUR WAY.



MAKE IT AS SURE AS YE CAN.—MATT. XXVII.

OUR TIME

As given in a New York Journal:

About a year ago, while investigating some intricate question with high-class time-keepers, we were accorded the privilege, through the courtesy of Mr. John Gowans, a member of the firm of Blunt & Co., of taking to pieces and personally inspecting a number of the same instruments that are now offered for sale, and were also shown their rates, and we now gladly testify that they are of a high order of excellence.

The ASTRONOMICAL CLOCKS have the Graham escapement.

The clock showing New York time is a clock of fine English manufacture, jewelled in the pallets and four pivot holes, and all the pivots have end bearings. The pinions have 18 leaves, and, like all high-class English work, are of the finest quality, and the pitchings are faultless. The pendulum is a mercurial one. The pendulum spring is double, having two springs set some distance apart. This spring was made and attached to the clock by Mr. Gowans some years ago, and all the adjustments are as near as possible perfect. This clock has always run with but little variation from its rate, and from it many of the keepers of the public and private clocks in the city take their time, and, consequently, for many years, it has played an important part in regulating the city time, and is universally acknowledged to be a first-class running clock. The case is mahogany, of the plain square pattern with a projecting base, and a round head.—EDITOR.

The above is for sale. Will make any one a good kitchen clock. Price $5.75. [No discount.]

We have all necessary tools and machinery to carry on successfully the manufacture of Jewelry—a branch of the business never before carried on in this place. Mr. C. is a practical Watchmaker and Manufacturer of Jewelry, having also had large experience (six years) in making Watch Cases of Gold and Silver, in New York city.

We will make to order any article of Jewelry of any desired style, and use gold or silver furnished us by our customers, who are desirous of keeping the same as keepsakes. We do enameling in colors on Gold or Silver—using Hard Enamel. We set Diamonds and other precious stones in any style. We make plain, chased or engraved Solid Gold Rings of fine Gold, or of any quality, at a FEW HOURS' notice. We melt, roll, draw and work Gold and Silver, into any form on the premises. We cut stencil plates for marking clothing.

BOURQUIN, SALTZMAN, LONGINES, MATILE,

HUGUENIN, JACOT, GIRARD, NICOUD,

WATCHES.

FINE WATCHES REPAIRED AND MADE TO KEEP TIME AS NEAR AS POSSIBLE.

We refine gold and silver. We repair any kind of silver or plated ware in the best manner. We do any kind of repair to watch cases. We make case springs to fit any watch, and WARRANT them not to break. WE WILL MAKE ANY PART OF A WATCH—any wheel, pinion or jewels of Sapphire, Ruby, Aqua Marine, Chrysolite or Garnet; any plate or bridge, any screw or spring, including a hardened and tempered hair spring. We insert new pivots in the best possible manner, or can make an entire watch in OUR STORE, without any outside help. We adjust fine watches to heat, cold, and to different positions, and carefully Isochronise the hair spring, and guarantee them not to vary more than a few seconds in a month, and will keep in stock watches of our own adjusting.

WE MAKE SOLID GOLD JEWELRY.

We here desire to express our thanks for the increasing patronage we are receiving. By dealing as we would be dealt by we hope to merit its continuance.

C. B. SAFFORD. C. P. CARTER.

LOOK AT THE FIGURES!

183,000 Machines per annum.

Many new machine companies have had their rise and fall—their machines once popular now scarcely known—others have made radical changes in order to exist; while the Howe Machine Company have adhered to the opinion of "Elias Howe, Master of Mechanics" ("The machine is mechanically correct; does not change"), built addition after addition to their factory, and to-day cannot supply the demand, although turning out six hundred machines a day—just a machine a minute.

THE ELIAS HOWE, JR. Sewing Machines MANUFACTURED BY The Howe Machine Co.

FOR FAMILIES AND MANUFACTURES,

THE GREAT PRIZE: EXPOSITION UNIVERSELLE, PARIS, 1867. Awarded over eighty-two competitors

The Highest Premium,

THE ONLY CROSS OF THE LEGION OF HONOR AND GOLD MEDAL,

Given to American Sewing Machines, per Imperial Decree, published in the "Moniteur Universel" (Official Journal of the French Empire,) Tuesday, 2d July, 1867, in these words:

ELIAS HOWE, JR. { Fabricante de Machines a coudre exposant. Manufacturer of Sewing Machines, Exhibitor.

The Howe Sewing Machines

Are celebrated and known for doing the best work, using a straight and much smaller needle for the same thread than any other machine. They are adapted to any and all kinds of family sewing and manufacturing of every description, (from fine lace to patent leather,) making a beautiful and perfect Lock Stich, alike on both sides of the article sewed, and will neither rip nor ravel, and uses less thread.

Every machine is as near perfection as the best machinery in the world can make it. It is the oldest machine and has more improvements, and is nearer perfection than any other machine, the parts being exactly alike. If any of the parts need to be replaced, the operator can replace it, and it will outlast and outwear any machine made. They are remarkably simple and easily learned, sure in their operation, and almost impossible to break or get them out of order. They use any thread directly from the spool. The needle has a perpendicular motion, absolutely necessary for heavy work, runs easily, a fast sewer, and almost noiseless. They do not soil the dress of the operater, and do not have to be taken apart to oil and clean. The New Improved Family Machine cannot be surpassed and is without equal, and we CHALLENGE THE WORLD to produce a better machine on points of merit. A Hemmer, Feller, Gatherer, Braider, Quilter, Tucking Guide, and all the other necessary Tools go with each machine, free of charge.

☞Beware of spurious and bogus Howe's. The undersigned is the only authorized Agent for the Genuine Howe Machine.

C. S. STILLWELL, General Agent
1y5 90 NORTH FRONT STREET, Kingston, N.Y.

WHO WOULD NOT PLANT

Flowers around a Home?

In my establishment, with 20 years' collection and an experience of half a century, people can find everything belonging to a First Class Nursery for ornament as well as utility.
